AMENDMENT 0001 - QUESTIONS

The following questions, with Government response, were submitted against Solicitation W81XWH-10-R-0132:

1. Can you clarify if the VLPs will be produced under cGMP clean room conditions or if this material is strictly for use in pre-clinical studies (ie, does not need to be manufactured in a cGMP clean room)?

Response: non-cGMP

2. Can you consider broadening the scope of the corresponding Solicitation W81XWH-10-R-0132 to include other eukaryotic manufacturing systems, and to not restrict the scope exclusively to mammalian cell-based manufacturing systems?

Response: No, this does not meet the Government's requirement.

3. Does this contract require an annual audit from DCAA?

Response: No

4. Does funding of the project go through the WAWF system?

Response: Yes, Wide Area Work Flow will be the method of payment.

5. Is there a sample "RFP-to-Proposal Cross-Reference Matrix", as requested in the solicitation, that you can point us to?

Response: No

6. To clarify, how much budget detail should be put in Form SF1449 (or attachments), and do these items include personnel, equipment, G&A, or other costs, or just materials and supplies?

Response: The offeror must submit complete price proposals with sufficient data to allow evaluation of the proposed costs and prices for reasonableness. Price proposals must include a detailed breakdown of all costs/pricing associated with the performance of this requirement.

7. The proposal due date is listed as Monday Sep 13. Is that post-marked by that date, or delivered on that date?

Response: Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. Solicitation must be received by the Government office designated in the solicitation by September 13, 2010 at 12:00pm EDT.
